This short 1.1 mile hike is good for hikers of all skill levels. It is well-maintained and characterized by short drops and climbs throughout. It can be a little bit crowded during the weekends, but if you want to beat the heat and the frustration, you can always go for a swim in the lake! There is also a playground available for children, and a place where the family can grill. Great for kids, dogs, and the entire family! Just a proverbial stones-throw away from Downtown Oakland.
